Full-Year 2022 Financial Results

Total revenue for 2022 was €51.2 million compared to €7.8 million in 2021. Revenue for 2022 include SKYTROFA U.S. revenue, and license, clinical supply and services provided to third parties, primarily VISEN Pharmaceuticals. Revenue in 2022 benefited from a full-year contribution of SKYTROFA U.S. revenue of €35.7 million compared to €0.9 million in 2021.

Research and development (R&D) costs for 2022 were €379.6 million compared to €295.9 million in 2021. The higher R&D costs in 2022 reflect a one-time reversal of pre-launch inventories in 2021, following the U.S. FDA approval of SKYTROFA in August 2021. In addition, higher R&D costs in 2022 reflect manufacturing of pre-launch inventories for TransCon PTH and an increase in employee and other costs attributable to organizational growth.

Selling, general, and administrative (SG&A) expenses for 2022 were €221.2 million compared to €160.2 million in 2021. Higher SG&A expenses were primarily due to an increase in commercial and administrative personnel following the launch of SKYTROFA in the U.S. and preparation for future product launches.

Our share of net loss of associate was €17.7 million in 2022, compared to a net gain of €12.0 million in 2021. For 2021, the net profit of associate included a non-cash gain of €42.3 million as a result of a financing round in VISEN.

Net finance income was €1.7 million in 2022 compared to a net finance income of €55.8 million in 2021.

For the full year 2022, Ascendis Pharma reported a net loss of \in 583.2 million, or \in 10.40 per share (basic and diluted) compared to a net loss of \in 383.6 million, or \in 7.00 per share (basic and diluted) for the same period in 2021.

As of December 31, 2022, Ascendis Pharma had cash, cash equivalents, and marketable securities totaling €742.9 million compared to €789.6 million as of December 31, 2021. As of December 31, 2022, Ascendis Pharma had 57,152,295 ordinary shares outstanding.
