On September 14, 2026, the Company announced that its Board of Directors has authorized the Company to repurchase up to \$400 million of the Company’s ordinary shares (the Share Repurchase Program).

Purchases under the planned Share Repurchase Program may be made from time to time, in such amounts as management deems appropriate, through a variety of methods, which may include open market purchases, privately negotiated transactions, block trades, accelerated share repurchase transactions, purchases through 10b5-1 trading plans, or by any combination of such methods. The timing and amount of any repurchases pursuant to the Share Repurchase Program will be determined based on market conditions, share price and other factors. The Share Repurchase Program does not require the Company to repurchase any specific number of shares, and may be modified, suspended or terminated at any time without notice.
